Uniting Nations Through Football – FIFA World Cup 2026

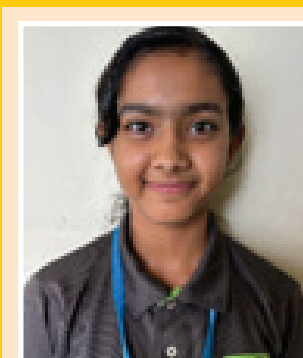

The FIFA World Cup 2026 brought together nations through the universal spirit of football. Co-hosted by the United States, Canada, and Mexico—the first edition to be hosted by three countries—the tournament featured thrilling matches and unforgettable moments. Spain emerged as champions with a 1–0 victory over Argentina in the final, reaffirming football's power to inspire, unite, and celebrate excellence across the globe.

India's Golden Science Olympiad Sweep

Indian students delivered an outstanding performance at the International Science Olympiads 2026, bringing immense pride to the nation.

- The Chemistry team won 4 Gold medals in Tashkent, helping India secure a joint first position among 93 nations for the first time.
- The Physics team secured 5 Gold medals in Colombia, enabling India to share the first position with five other nations and extend its decade-long streak of excellence.
- The Biology team, competing in Lithuania, earned 1 Gold and 3 Silver medals, adding to India's remarkable success.

With a total of 10 Gold and 3 Silver medals, India achieved one of its finest performances at the International Science Olympiads, showcasing the brilliance and dedication of its young scientific minds.

Investiture Ceremony Initiating a Journey of Leadership

Leadership begins with responsibility, integrity, and the courage to serve. The Investiture Ceremony marked a proud milestone as the newly elected Student Council for 2026–27 took an oath and accepted their responsibilities. They pledged to uphold the school's values and lead with dedication, discipline, and compassion. We wish them success as they begin their journey of leadership, teamwork, and excellence, inspiring their peers and contributing positively to the school community.
